Statement of Practical Treatment.

If in eyes, hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If swallowed, call a physician or Poison Control Center at once. If on skin or clothing, take off contaminated clothing and rinse skin with plenty of water for 15-20 minutes. Call a poison control center or physician for further treatment advice. If inhaled, move person to fresh air. Contact a poison control center or physician for further treatment advice.

Thank you for your business!
