Visit National Grid Online:

Check your latest account status, view and pay your bill, or provide a meter reading, 24 hours a day, 7 days a week at
www.nationalgridus.com.

Payment Address:

Our payment address is: National Grid, P.O.
Box 371416, Pittsburgh, PA 15250-7416

Statement of Account:

A comprehensive statement of your account showing your past use and bills is available online or upon request.

Notice About Electronic Check Conversion:

By sending your completed, signed check to us, you authorize us to use the account information from your check to make an electronic fund transfer from your account for the same amount as the check. If the electronic fund transfer cannot be processed for technical reasons, you authorize us to process the copy of your check.

National Grid reserves the right to upwardly adjust a previously issued bill or back bill.

Understanding Terms On Your Bill:

CCF: The unit of gas volume (100 cubic feet) as measured by your meter

Thermal Factor: The factor that converts the quantity of gas used (CCF) to a quality measurement (Therms).

Therm: A unit of heat content equal to 100,000 British Thermal Units (BTU). A BTU represents the amount of heat required to raise the temperature of one pound of water by one degree Fahrenheit. The number of CCFs is multiplied by a conversion factor to determine the therms used. The number of therms is used to determine the gas charges on your bill.

Fixed Factor Multiplier: Due to their design, some meters record a fraction of the total usage. The multiplier is used to convert the recorded meter reading on these types of meters to total actual consumption.

Gas Delivery Charge: The **Minimum Charge** is a fixed charge prorated for the number of days of service. The **Billing Charge** reflects costs associated with issuing bills and processing payments. If you buy gas supply from an ESCO who does not bill its charges separately, you avoid the Billing Charge.

Delivery Rate Adjustment: Site Investigation & Remediation surcharge, weather-related debits and/or credits (heating customers only), Revenue Decoupling Mechanism, NY Facilities System Surcharge, Gas Safety and Reliability Surcharge, Non-Firm Demand Response Revenues Reconciliation, Electric Generator Revenue Reconciliation, Earning Adjustment Mechanism, Newtown Creek Revenue Reconciliation, Demand Capacity Surcharge Mechanism, Non Labor Demand Response O&M Cost and Net Utility Plant & Depreciation Expense Reconciliation.

Gas Delivery Adjustment: The cost of storing and transporting natural gas. It also includes Gross Receipts Tax (2.407%).

Gas Supply Charge: A charge to reflect the Company's cost of gas purchased from suppliers and transporting the gas to the Company's distribution system. If you choose an alternate supplier, the price will be what you agree upon with that supplier. It also includes Gross Receipts Tax (2.407%).

MTA Surcharge: State imposed taxes on utilities to maintain mass transit fares.

Sales Tax: The Company is required to collect state and local sales tax in all NY State counties. Some school districts also impose sales tax.

ADDITIONAL MESSAGES

On 02/21/2023, your bank will transfer the amount shown above -- \$20.94-- to National Grid. If you have a question, call 718-643-4050 at least 3 business days before this date. If you do, no transfer will be made until we resolve the matter. Thank you for participating in DirectPay.

The Billing Charge, now shown separately, is not charged when you buy gas supply from an ESCO that includes its charges on our bills; one of several savings opportunities. It has been separated from the Minimum Charge, which has been reduced, so there is no effect on your overall cost.

Go paperless and your bill will be delivered to your email.
Visit ngrid.com/paperless to enroll.

We're here to help you manage your energy bill.
We offer ways to help you manage your energy use and monthly bills - including budget payment plans, energy efficiency tips and programs, and assistance with community support agencies. Learn more at ngrid.com/heretohelp
