## **BILLING DISPUTES**

An owner or occupant may challenge the most recent charges on the bill by either: (a) paying the current charges in the bill and notifying DC Water in writing within 20 calendar days after the bill date, the reason(s) why the bill is believed to be incorrect and that the bill is being paid under protest; or, (b) not paying the current charges in the bill and notifying DC Water in writing, within 20 calendar days after the bill date, the reason(s) why the bill is believed to be incorrect. Challenges received after the 20 day period, will be deemed untimely and will not stop the imposition of a penalty for nonpayment of charges or the possibility of termination of service for nonpayment. DC Water will investigate and suspend an owner or occupant's obligation to pay the disputed bill until they have been provided written results of the investigation and the date that the bill should be paid. If it is determined that the bill is erroneous, DC Water shall adjust the bill accordingly and refund any overcharges paid. If the owner/occupant is not satisfied with DC Water's decision, then they may request in writing an administrative hearing within fifteen (15) calendar days of the date of the decision. The owner or occupant is not relieved of the responsibility for paying all previously or subsequently rendered bill(s), uncontested service charges, penalties, interest, and administrative costs.
